Dear Laurita,

It is attached:

3. **Invention Disclosure:** *Domestic striped bass (Morone saxatilis)*, North Carolina State University Office of Technology Commercialization and New Ventures, Raleigh, North Carolina.

Co-Inventors: **B.J. Reading**, A.S. McGinty, M.S. Hopper, and C.V. Sullivan.

Case Number: 18093

Here is the message from ORI (2017):

Dear Technology Innovators:

The Office of Technology Commercialization and New Ventures (OTCNV) would like to thank you for submitting the invention disclosure titled "Domestic striped bass (*Morone saxatilis*)". Your disclosure has been assigned file number 18093 and will be managed by Kultaran Chohan Ph.D., who will be in touch with you shortly to schedule a meeting to discuss your disclosure.

If you have any questions feel free to contact our office. Please reference the assigned case number when making inquiries so that we may assist you more efficiently.

For more information about technology transfer, please visit our "Inventor's Guide to Technology Commercialization and New Ventures" at <https://research.ncsu.edu/otcnv/for-inventors/inventors-guide-to-technology-transfer/>

We look forward to working with you and appreciate your contributions to the innovative culture at NC State.

Best regards,

Nicholas LeBlanc

To: Martha Wanas <mewanas@ncsu.edu>

Hi Martha,

I hope you are well.

I am trying to determine if this is truly equipment or not. He checked "yes" on the PI Certification form and I asked for clarification since I could not find it in our system. Can you help me with this?

Thank you,

Laurita Ray
